

EKO PATHWAYS

Learn • Grow • Thrive

MISSION STATEMENT

'INTEGRATING PUPILS INTO MAINSTREAM EDUCATION, THE WORLD OF WORK AND LIFE'

Eko Pathways is a special school for pupils with social, emotional, behavioural and mental health needs. It caters for pupils from Years R to Year 11 on a brand new purpose build site at Flanders Rd. The school is in the London Borough of Newham, an ethnically diverse inner city area. Pupils are taught in small classes with a high adult to pupil ratio. Typically pupils are taught for three days at Eko Pathways with two days spent at a mainstream link school with the aim of the provision to return the pupil full time to mainstream education.
