# Welcome from the Assistant Director: Adult Social Care

---

Dear Candidate,

Thank you for your interest in this Occupational Therapist role.

This is an exciting opportunity to join our dynamic team, here at Bracknell Forest. This role sits within the People directorate where there are six key departments: Adult Social Care, Children's Social Care, Commissioning, Early Help & Communities, Education & Learning and Public Health.

Our vision is to provide the best possible opportunities for the people in our community. We work in close partnership with local organisations such as in health and housing, with a strong focus on prevention and proactivity. Our ambition is for everyone to be able to access the right opportunities that they need to thrive. With real outcomes for real people at the heart of every service we provide, our goal is to keep more families safely together and, by providing the right support at the right time, enable people to live as independently and well as possible, for as long as possible.

In the same way that our community is diverse, we seek to be inclusive in our own teams.

Our employees are motivated to have an impact on the community, and we look for individuals who are proactive in developing and improving our practices. We believe our staff are our greatest asset and are seeking talented and dynamic individuals with the experience and drive to help us achieve our vision.

If this sounds like the sort of organisation you'd like to work with, then we would love to hear from you. I hope that the information in this application pack will be useful in supporting your application with Bracknell Forest Council.

A career with us means having everything you need to build on your existing skills and to work with the Executive team to build better relationships and communities. This is your chance to make a lasting impact.

Bracknell Forest is located in East Berkshire. It is conveniently located for transport with the M3, M4, M25 and Heathrow all less than a 30-minute drive. Bracknell benefits from a regular rail service from Reading to London Waterloo.

## The Role

---

Our Occupational Therapists (OTs) work as part of the Enhanced Intermediate Care Service (EICS), within the Adult Community Team, in our People directorate.

You will be working in an environment which encourages independent working and promotes the development of relationships with our colleagues in the NHS and health services.

You will be part of our multi-disciplinary Team, alongside other OTs, physiotherapists, nurses, support coordinators and a large In-House team of Support Workers. This is an integrated local authority/NHS service, providing reablement to maximise independence, support people to remain in their own communities, facilitate timely discharge from hospital, avoid unnecessary hospital admission and to enable people to stay at home at the end of their lives.

Our OTs are encouraged to maintain and enhance their own CPD, we will support you to achieve this through regular supervision and opportunities for development and training.

# Meet our Occupational Therapy Team

Eleanor Mulhern  
Assistant Community  
Service  
Manager

Hi. I'm Eleanor Mulhern and I am the Assistant Community Services Manager for the Enhanced Intermediate Care Team at Bracknell Forest.

I have been with Bracknell for 9 years, originally joining as a Senior OT before being promoted to my current position. I lead the team you will be working with and having that therapy background myself means I understand the work that the team do, the satisfaction it can bring and the challenges that can be faced.

The great thing about working at Bracknell is the support – everyone that starts with us comments on how supportive the team are – we look after each other and that team spirit helps us get through the tough times and adds to the good times. People tend to stay here – having come back to Bracknell after around 10 years, I was amazed at the number of staff that were still here, but in different roles – Bracknell support people to progress in their careers and take on new roles and challenges. I look forward to meeting you.

Emma Marlow  
Senior Occupational  
Therapist

Emma joined our team in September 2020 as an Occupational Therapist. In her own words, this is Emma's story of her day in her life at Bracknell Forest:

“Even during the current circumstances, our team is always in close communication. Every morning we start with a team huddle. This is where team capacity is discussed, new allocations are given out, and if anyone has any questions or needs support, it can be brought up during the meeting. I find these virtual huddles really beneficial; it gives everyone a chance to catch up and touch base with the team before we start the day. It makes a huge difference when working virtually, you feel supported as you know there will always be someone there to ask a question!

Following this meeting, I will carry out my home visits for the day. Visits can include a variety of different things, whether that be supporting a hospital discharge, completing a manual handling risk assessment, supporting with an admission avoidance, or completing an initial assessment for someone starting with our intermediate care service. Working with a multi-disciplinary team of nurses, physiotherapists and support workers is incredibly helpful, and even in current circumstances we can complete joint visits to ensure we are providing holistic and thorough assessments, so individuals are receiving the best care. Working in this way is a great learning experience and has allowed me to expand my knowledge and confidence massively.”

Some of the Team:

## What the people we support Say About Us .....

### Feedback from a Family Member:

I have never had to engage with these services before and was dubious and unsure what to expect but I can honestly say my expectations were exceeded. All the staff involved went beyond their call of duty and were informative, supportive, professional and personable, and made my mother and myself feel safe and secure in her final weeks. Even, what could be considered the final link, OT and the equipment provider. In particular the OTs that I met were courteous and tried everything to find solutions to some minor problems. This was not easy as we live in a park home and the rooms are very small but try they did.

In summary, please thank all the team for their outstanding work.

### Feedback from a service user:

Everyone who came through the door had a real positive attitude, I could see the smile in their eyes, despite wearing the masks and they passed their positivity onto us. Everyone was marvellous. Thank you so much for all that everyone in the team did for us.

### Feedback from a service user:

I would like to say thank you to you and your team for looking after me so well - every one of them has been so kind and so helpful - have a biscuit with your teas.

### Feedback from a Care Manager:

I wanted to pass on some feedback from PW. She informed me that her ICS service has been supportive in getting her back onto her feet again and advised that she didn't know how she would have managed without it. She reported that all support workers were friendly and helpful and couldn't thank us enough for the service. This is high praise for an individual who needed support to engage initially. Thanks for all your hard work!
